

March 2018 - Krystal B.

A little over six months ago Krystal completed her basic training with the Army Reserve and returned home to Katy, Tx. At that time her close friends suggested she come and work with them at BreWingz Restaurant and Bar - KRC. Knowing she needed something flexible so she could continue school and training, she applied there for her first server job. Krystal has always enjoyed serving others and interacting with people, so she easily picked up the necessary skills needed to be a server. Although she has only been there for 6 months, she has made quite an impression with her guests and fellow employees. She aims to do her best so she can grow further with BreWingz, hopefully as a trainer or perhaps a Key Holder.

In addition to working 35+ hours with BreWingz, Krystal is enrolled at Lone Star Community College and completing her basic courses. She hopes to get a degree in education to one day become a teacher, "It's a truly genuine job to have. Being a teacher is another way to serve and make a positive impact on your community." She also continues to train once a month for the Army Reserve, as she still has 3 more years to complete her contract. Krystal was recently promoted to a Specialist, which after time, allows her to be eligible to test for Sergeant, "It would be a great accomplishment to make Sergeant at my age, and I plan to work hard to achieve that."

After she finishes her contract with the Army Reserve, she will then make a decision to move forward with active duty, "I knew out of high school I wanted structure and direction but wasn't ready to fully-commit to the military lifestyle just yet, so the Army Reserve was the right choice for me. Basic training was one of the most rewarding experiences I have had, and I know I want to do more. I want to do what I enlisted to do- to serve my community, my country, and use all the tools I have at hand to make a difference."

The BreWingZ team thanks you for your service, Krystal!
